

**Seminar in the Integrated Research Training Group (IRTG)
of the SFB 676 "Particles, Strings and the Early Universe"**

Winter Term 13/14

Presentation Skills

J. Louis

Course Description:

The seminar aims at Master-, PhD-students and Postdocs and discusses techniques and rules for the presentation of scientific results. The first three sessions are lectures on the topics:

- "How to write a scientific physics paper"
- "How to give a scientific physics talk"
- "Good Scientific Practice"

In the second part of the seminar the participants have the opportunity to give a 25-minute conference-type-talk with a subsequent discussion about the presentation. The third part of the seminar opens with a lecture on the topic

- "How to do a job interview"

and then simulates job interviews with the participants.

Date and Place:

Wed, 16:00 – 17:30, SR 2/2a, DESY

Starting on:

16 Oct 2013
